SUBJECT: Review of OMB Proposed Guidelines for Ensuring and Maximizing The Quality, Utility and Integrity of Information Dissemination by Federal Agencies

We have carefully reviewed the above subject document and concur with it as written.

2. In response to questions in the "Request for Comments Section"

a. Q. Should the OMB guidelines devote particular attention to specific information or information dissemination products? A. No, general policy guidelines should suffice and subordinate agencies will develop implementation instructions.

b. Should OMB develop specific guidelines to address information that Federal Agencies disseminate from a web page? No, there is ample guidance already available, especially in the DoD.

c. Is there any need to adapt these guidelines to the agency use of a web page? No, again this is not needed since agencies will develop implementation instructions.

Should you have any questions, my point of contact is Mr. Bao Nguyen, (703) 601-4512, [nguyenb@pentagon.af.mil](mailto:nguyenb@pentagon.af.mil).
